Box 83720-0101
Boise, ID 83720-0101

Mandatory e-Filing Starts Today in Twin Falls County

Starting today, electronic filing is now mandatory in Twin Falls County. This means except for those documents that must be filed conventionally pursuant to subsection (f) of the [e-filing rule](#), all attorneys filing in Twin Falls County must begin filing electronically. This also includes cases that will be heard by the Snake River Basin Adjudication (SRBA). For SRBA cases, initial filings must be filed electronically, and any subsequent filings are to be filed conventionally. The order and e-filing rule can be reviewed in its entirety [here](#).

The Idaho Supreme Court wants to make sure you are comfortable with this change and understand how it will impact the way you work. If you do not know how to file documents electronically, please take a free online e-filing seminar offered through Tyler Technologies. If you would like to register for an online training session, [click here](#).

E-Filing allows documents to be filed, served, distributed and delivered electronically. This new system will significantly decrease the amount of time it takes you and your colleagues to file with the court and serve other parties. E-Filing can be done any time of day from any location.

Anyone with questions regarding e-filing should visit <http://icourt.idaho.gov/efileoverview>.
